

GUNS *to Gardens*

A Dismantling Event

The United States has a gun problem because so many people have been duped by those who stand to profit from gun sales, into believing guns will make us more safe.

On this day, we are joining houses of worship across the country to dismantle unwanted firearms. We believe as a church we can affirm Isaiah's call to beat our swords into plowshares and end gun violence.

Many people are in possession of unwanted firearms and have no trusted place to safely surrender them without turning them back out into the market. It may be a gun you've inherited or one used in suicide. It may be a gun where children and vulnerable adults are in the home.

These guns lead to unintentional shootings and can be stolen and used to hurt others. Dismantling unwanted guns is the only way you can be sure your gun will not be used for harm .

**Bring your unloaded firearm(s)

*"...and they will beat their swords
into plowshares, and their spears into
pruning hooks. Nations will not take
up sword against nation, nor will they
train for war anymore."
