

The Presbytery of Utah Workers' Compensation Insurance policy for 2024 - 2025 is being provided by Cincinnati Causality Company. We have been working with our insurance representative from the Insurance Board, Marc Gerardis, to keep our premiums for 2024 stable compared to last year.

As in prior years, each individual church is responsible for its share of the premium. That share is dependent upon the reported net payroll within the two categories of 1) professional and clerical and 2) all other employees.

For those churches with a childcare center, there is a third category of all childcare employees.

The Presbytery pays your premiums in advance, so please forward your payment to the Presbytery of Utah.

When making claims for 2024, contact Cincinnati Insurance Company. The phone number for Cincinnati Workers' Compensation claims is **877-246-3461**. The **policy number will be EWC0596739-P000728300**.

Your Treasurers received this letter via email, and your church was mailed this letter, in December 2023. These letters had your individual church premiums listed and the church's options for payment.
